WorkCenter Accessories

> Our continuing mission is providing ergonomic reading room solutions that are flexible, adaptable and scalable. These upgradable accessories and ergonomic enhancements for our Multi-Monitor WorkCenters are each designed to create a safer and a more productive work environment.

1. red (night vision) LED task light
2. universal, stackable CPU/UPS holder
3. blue tinted, dimmable fluorescent indirect rail mounted lamp
4. monitor/rail support post to enhance stability and increase load capacity of the current rail system
5. vertical angle, adjustable telephone mounting post
6. hinged cable management tray with increased capacity and easier accessibility
