

VIP+ Patient Room Door

VIP+ Patient Room Door Sliding Panel System

- > The VIP+ Series System provides an elegant solution to separate space while providing a unique collaboration environment.
- > The VIP+ Patient Room Door is a Top-Hung Rolling System that utilizes magnetic glass markerboards and bacterial-resistant door surfaces.
- > The VIP+ Patient Room Door creates a multi-functioning sliding door, a bathroom door, a patient room charting board, and when open, a way to conceal the provider PPE and sanitation station. All with surfaces that addressed Infection Control.
- > VIP+ Patient Room Door System can be designed to fit your space and unique requirements.
- > VIP+ Series is available in matte anodized aluminum or black frames. Soft Close mechanisms are available on some versions.
- > Contact Corona Group for additional information, as well as pricing details.
