

VIP Markerboards

## VIP Markerboards

- > The porcelain enamel steel surface of the VIP Markerboard is easy to write on and conveys information in a way that facilitates reading. The surface retains magnets, is impact resistant and scratch proof to ensure maximum durability. The VIP Markerboard has a sliding track allowing it to be combined with other boards in the system, ensuring practical and elegant design.
- > VIP Markerboards come in two configurations: with a single top track that allows for creating a bi-level presentation system; or a double rail top track that allows for a tri-level presentation system. The double rail track includes ball bearings for hanging paper.
- > Concealed mounting brackets allow the board to mount in the traditional VIP manner; as if it's "floating." -

### Finish:

Matte Anodized Aluminum Frame. Powder-Coated Aluminum Frame.

### Dimensions:

Standard sizes

36" w x 24" h	96" w x 51.3" h
