

## Intersection Divider System

# coronaVISUAL

## Intersection Floor to Ceiling Presentation/Divider System

> Where people, ideas and open space meet, Intersection is a unique system that can pair a variety of materials to create a presentation/divider system not confined or anchored to the wall.

> Choose from standard materials of Glass, porcelain steel Marker or Chalk Boards, Fabric or ACOUSTICOR panels; and perforated steel or mesh, in single or double sided applications.

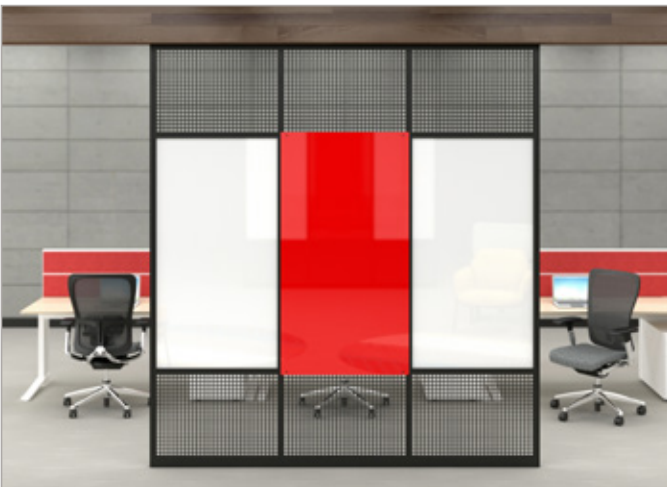

> Sliding panels in various materials can be incorporated in some configurations adding even more functionality.

> Strong, lightweight frames available in clear satin finish or black.

> Intersection Divider Systems can be designed to fit your space and unique requirements.

> Contact coronaVISUAL for fabric, Acousticator and other usable materials, as well as pricing information.

> Visit our website [coronagroupinc.com](http://coronagroupinc.com) to view fabric and ACOUSTICOR color options.
