Intersection SLIDE Sliding Presentation/Divider System

> Intersection Slide is a unique divider system that enhances your ability to divide space and capture ideas. It can combine a variety of materials to create a sliding divider system not bound to a wall.

> Select from a wide array of standard and custom materials. Standard materials can include Glass, Porcelain Markerboards, Fabric or ACOUSTICOR panels; and perforated steel or mesh, in single or double sided applications.

> An ideal application that provides the ability to close off areas or divide spaces; for presentations, concentration, brainstorming or wherever you need a surface to capture and share ideas.

> Strong, lightweight frames available in clear satin finish or black.

> Intersection Slide can be designed to fit your space and unique requirements.

> Contact coronaVISUAL for fabric, Acousticor and other usable materials, as well as pricing information.

> Visit our website coronagroupinc.com to view fabric and ACOUSTICOR color options.
