

Introducing tough, light Ultra Glass
for presentation boards

coronaVISUAL

Ultra Glass

- > Ultra-lightweight—75% less than ordinary glass—makes mobile boards easier to handle, wall-mounted boards easier to install.
- > Superior optical clarity lets vivid colors and pristine whites come through. We can match your paint samples.
- > Magnet compatible.
- > Environmentally friendly—contains no heavy metals.
- > Available for most coronaVISUAL wall-mounted and mobile glassboards.
- > Excellent for wall cladding.
- > Featuring lightweight and durable Corning® Gorilla® Glass.
